

# Application Note AN307

## Use of Bevel- and Strip- cutting attachments with FIT+ cutting torches

Bevel- and Strip- cutting attachments are designed and tested for use with FIT+ one machine cutting torches, see the list below. Use on any other type of the cutting torch than those mentioned in the list below, as e.g., FIT+ two or FIT+ three, is not recommended and can cause low reliability of the process, production breaks, lower equipment lifetime but also damage of the equipment both the attachment and the torch. Such equipment damage will not be taken by IHT Automation within product warranty.

List of cutting torches FIT+ one with compatible attachments:

Item No.	Product Description
101170	Cutting Torch FIT+ one 220/32A
101172	Cutting Torch FIT+ one 320/32A
101174	Cutting Torch FIT+ one 110/32A
101171	Cutting Torch FIT+ one 220/32PMY
101173	Cutting Torch FIT+ one 320/32PMY
